Note: The design and specifications are subject to change without notice for improvement.

• Accessories

Storage case	1
Windscreen (black)	2

3. HOW TO USE

- Put on the headset and adjust the slide arms so that the head pads are positioned just over the ears.
- Adjust a microphone boom, and position the microphone (windscreen attached) at the mouth.
- Keep the microphone 3 – 5 cm away from the mouth when using.
- Speaking loud or positioning the microphone too close to the mouth could muffle sounds and make them inaudible.
- The headset is not recommended for use in aerobics or other vigorous performance applications.
- Use the supplied case when storing the unit.
