

DESCRIPTION

The C-BC450PM Pole Mounting Bracket is designed to mount the applicable camera on a pole in conjunction with the optional YS-60B Pole Band. It also permits the applicable dome camera to be mounted on a pole in conjunction with the optional YS-60B Pole Band and the C-BC850W Wall Mounting Bracket.

SPECIFICATIONS

Applicable Pole Diameter	ø90 – ø340 mm (ø3.54" – ø13.4")
Finish	Stainless steel
Dimensions	156 (W) × 150 (H) × 62 (D) mm (6.14" × 5.91" × 2.44")
Weight	660 g (1.46 lb)
Option	Pole band: YS-60B Wall mounting bracket: C-BC850W

Note: It is recommended that the pole mounting bracket and mounting band be reinforced separately for added safety when installing the camera in locations exposed to vibration or strong wind. It is also recommended that the installed unit, mounting bracket, and mounting band be checked periodically for any abnormalities such as loose joint or slackness.
